Plamoodu JN, Pattom Palace, P.O.
Trivandrum - 695 004.

Sub: Standard Operating Procedure for utilization of hazardous waste under Rule 9 of the Hazardous and Other Wastes (Management and Transboundary movement) Rules, 2016- Utilization of Vanadium Sludge generated from Alumina Refineries industry - Reg.

Ref.: (i) CPCB letter No.F.No.B-29016(SC)/1(55-IV)/16/HWMD/ 2879-2913 dated on June 30, 2016
(ii) CPCB letter No. F.No.B-29016(SC)/1(55-IV)/16/HWMD/ 18997-19031 dated on October 28, 2016
(iii) CPCB letter No. F.No.B-29016(SC)/1(55-IV)/16/HWMD/ 19734-19768 dated on October 28, 2016dated on November 25, 2016

Sir,

This has reference to Rule 9 of the Hazardous and Other Wastes (Management and Transboundary movement) Rules, 2016, which stipulates that utilization of hazardous and other wastes as a resource or after pre-processing either for co-processing or for any other use, including within the premises of the generator (if it is not part of process), shall be carried out only after obtaining authorization from the State Pollution Control Board in respect of waste on the basis of standard operating procedures or guidelines provided by the Central Pollution Control Board. In this regard, CPCB has forwarded 20 standard operating procedures (SoPs) for various types of hazardous waste utilization processes vide above referred letters.

In continuation to the above, please find enclosed SoPs for utilization of Vanadium Sludge generated from Alumina Refineries industry to produce Vanadium Metal using utilization process as outlined therein. It may please be ensured that proponent of such Vanadium Sludge utilization are authorized only after ensuring compliance to the enclosed SOPs & minimal requisite facilities and in accordance with the provisions stipulated under the Hazardous and Other Wastes (Management and Transboundary movement) Rules, 2016.

Encl.: As above

Sr,

This has reference to provision of Rule 9 of the Hazardous and Other Wastes (Management and Transboundary movement) Rules, 2016, which stipulates that utilisation of hazardous and other wastes as a resource or after pre-processing either for co-processing or for any other use, including within the premises of the generator (if it is not part of process), shall be carried out only after obtaining authorisation from the State Pollution Control Board in respect of waste on the basis of standard operating procedures or guidelines provided by the Central Pollution Control Board. In this regard, CPCB develops and forward Standard Operating Procedures (SOPs) along with minimal requisite facilities for specific types of hazardous waste utilisation, to all SPCBs/PCCs from time to time as and when prepared by CPCB. So far, 22 Standard Operating Procedures (SOPs) along with minimal requisite facilities for various types of hazardous waste utilisation processes have been forwarded to all SPCBs/PCCs vide above referred letters. Soft copies of the said SOPs are also available on CPCB website http://www.cpcb.nic.in/Hazardous_waste.php

It is requested to kindly ensure that authorisation for hazardous waste utilization shall be issued by SPCB/PCC only upon verification and compliance of provisions & minimal requisite facilities outlined in the said SOPs and in accordance with the aforesaid provision of the Rules.

Yours faithfully
